

How to Access your Student's STAAR Scores

The spring 2023 State of Texas Assessments of Academic Readiness (STAAR®) has been redesigned to align closer to classroom instruction and the unique ways students learn. Reporting final test results for the redesigned STAAR will take a bit longer this year because educators from across the state will meet to provide their expert opinions on the passing scores for the redesigned assessments.

You will click on the green Texas Assessment button to find your child's most recent STAAR assessment results. This process is only accessible on the desktop version of Ascender. Additional information will be shared with families as the scores become available. To access any previous year's STAAR scores, you will use the same process through your Ascender Parent Portal account.
